

Thermo King Marine Gold Dealer Award 2024

This award is based on performance and leadership criteria of the service dealer, including business growth, brand representation, customer service, and a positive culture that ensures the delivery of dependable solutions to the service regions.

We are proud to share that we have received two awards, with one presented to Reefertec Pte Ltd (left) and the other to Ming Fung Reefer Container Service Company Limited (right) in recognition of their outstanding contributions. A heartfelt thank you to Thermo King Marine for this honor, and we look forward to continuing to grow together.
