

Eng Kong at iWalk! 🏃

We kicked off the day filled with excitement and energy, ready to take on Marina Barrage. While the weather had other plans and stopped us from walking, we still made the most of it by coming together, sharing laughs, and supporting a great cause. A huge thank you to everyone who participated and helped raise funds for the [SingHealth Community Hospitals \(SCH\) Health Fund](#), which supports patients in need by providing financial aid for essential treatment and care. Looking forward to doing it all again next year!
